Project Report

1.INTRODUCTION:

1.1 Overview

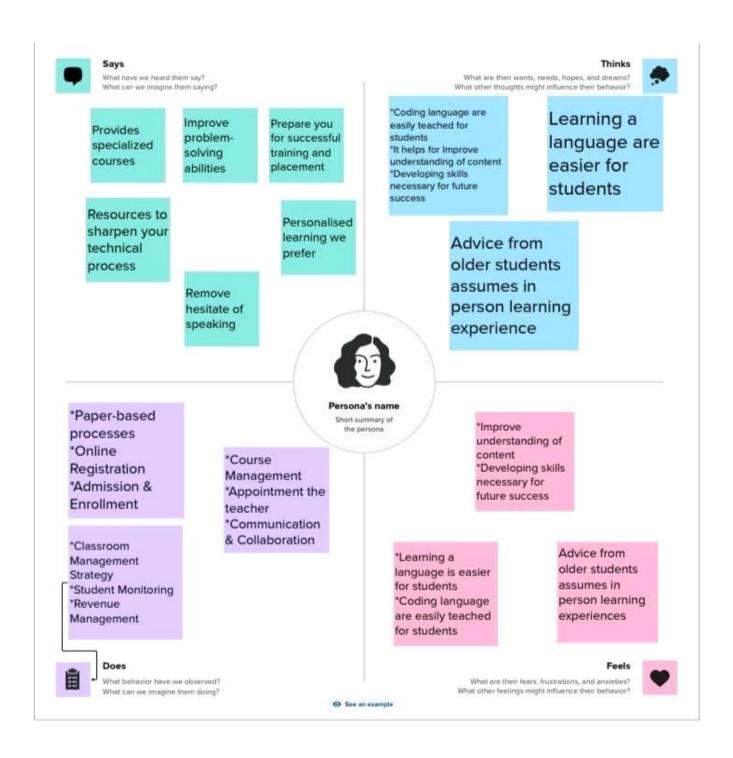

Teaching and learning centers are independent academic units within colleges and universities that exist to provide support services for faculty, to help teaching faculty to improve their teaching and professional development. Teaching centers also routinely provide professional development for graduate students as they prepare for future careers as teaching faculty. Some centers also may provide learning support services for students, and other services, depending on the individual institution. Teaching and learning centers may have different kinds of names, such as faculty development centers, teaching and learning centers, centers for teaching and learning, centers for teaching excellence, academic support centers, and others.

1.2 Purpose

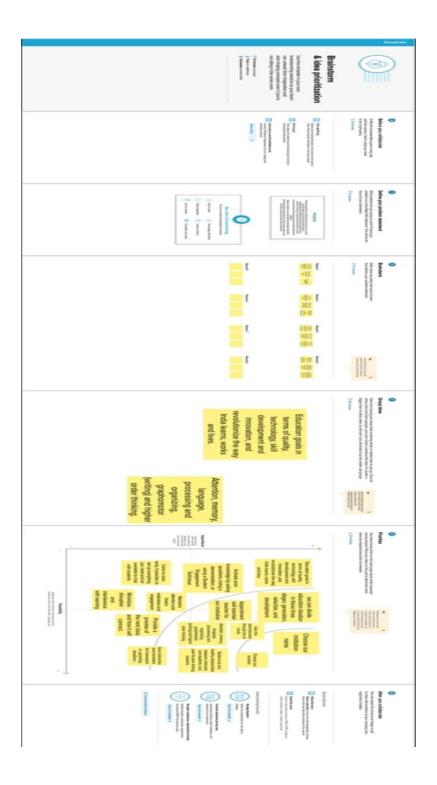

The activities are used to focus on a set of skills and deepen the students' knowledge and abilities in that area. Teaching and learning centers exist to help instructors to modernize their teaching style, to scaffold concepts and information in a way that students can meaningfully take in, eaching and learning centers exist to help instructors to modernize their teaching style, to staffold concepts and information in a way that students can meaningfully take in, and to help students learn more deeply and retain what they have learned. and to help students learn more deeply and retain what they have learned.
